

ELIMINATION OF THE NEED TO OBTAIN A UNIQUE LOGIN TO ACCESS EPL!

Starting Tuesday June 21st, a Member will need only a single SIGIS Members Area Login to access both the Members Area and the Eligible Products List. Prior to June 21st, SIGIS Members needed two separate Logins; a SIGIS Members Area Login to access the Members Area of the SIGIS website, and an EPL Login to access the Eligible Products List located on the Hamacher website.

If you need to obtain a SIGIS Members Area Login to access the EPL list,

1. You must first be listed as a company contact within the SIGIS Membership database. You may be added as a new contact by having the primary contact for your company send an email to help@sig-is.org with the new user name, title and email id.
2. Once you are listed as a contact within the Membership database, you can request your SIGIS Members Area Login through the SIGIS website.
3. Go to: http://www.sig-is.org/en/contact/contact_details.asp and select "Password Request". This will take you to a screen where you will enter your email address. Your SIGIS Members Area Login will be emailed to you.

IMPORTANT NOTIFICATION!

Please note to support the upgrade of a single sign-on feature, the Eligible Products List Website will be unavailable from 5:00pm PST Monday July20th to approximately Noon PST Tuesday July 21st.

A confirmation notice will be sent out to SIGIS members when the website is available again

If you have any questions please send an email to help@sig-is.org.
