All other obligations, including but not limited to Section 3.2, pursuant to this Agreement commence upon the Member’s Effective Date even if the Member withdraws or has its membership terminated before its Effective Membership Date.

3.0 Patents

Subject to the terms and conditions of this Agreement, including, but not limited to Section 3.4, and except to the extent a Member submits a Necessary Claims Notification pursuant to Section 3.3. below, each Member and its Affiliates agrees to grant to all other Members and their respective Affiliates a non-exclusive, worldwide, non-transferable, royalty-free license on reasonable and non-discriminatory terms and conditions to all Members and their respective Affiliates under
their Necessary Claims for so long as such Necessary Claims are valid and enforceable to make, have made, use, sell, offer to sell, export, and import Compliant Implementations (“Royalty Free Licenses”). This license commitment is effective with respect to a Compliant Implementation of a Final Deliverable upon adoption by the Board of Directors of the Draft Deliverable as a Final Deliverable.

3.2 License Commitment for Contributions. Subject to the terms and conditions of this Agreement, including but not limited to Section 3.4, each Member and its Affiliates agrees to grant to all other Members and their respective Affiliates a Royalty Free License with respect to any of its Necessary Claims that are infringed on account of a Member’s or its Affiliate’s making, having made, using, selling, offering to sell, or importing such contributing Member’s or its Affiliates Contributions, in whole or in part, that are incorporated into a Final Deliverable, either alone or in combination with any other portion of a Compliant Implementation with respect to the same Final Deliverable. If a Member’s or its Affiliate’s Necessary Claims Notification has been timely submitted, the Member or its Affiliate has no obligation to grant a Royalty Free License for Compliant Implementations of the Final Deliverable under its Necessary Claims included in patents or patent applications identified in the Necessary Claims Notification. The Board of Directors will develop and approve a License Exception Procedure that will be followed to address situations where a Necessary Claims Notification has been received. For clarity, if a Final Deliverable is modified or revised by a Working Group, a Necessary Claims Notification is permitted only with respect to the new or modified subject matter.

3.4 Royalty Free Licenses. Royalty Free Licenses may include other reasonable and non-discriminatory terms including, but not limited to, reasonable and non-discriminatory reciprocity, defensive suspension, dispute resolution, representations and warranties, or other similar provisions that are customarily included in patent licenses. Nothing herein requires any Member or its Affiliates to request such a license. Any negotiation of such

In the event that a Member or its Affiliates is required to join such Action as an indispensable party, such Member or Affiliate further agrees that it will join as a party to the Action and that the Corporation shall solely bear the costs associated with the Action and make all decisions with respect to the conduct of the Action, including but not limited to, decisions regarding settlement. The foregoing shall not limit a Member’s or its Affiliate’s right to enforce its copyright interests in its Contributions subject to the licenses and assignments such Member or Affiliate has undertaken pursuant to this IPR Policy.

The Corporation shall take such steps as the Board of Directors deems necessary and proper to protect its rights under such Marks adopted for use by the Corporation. In furtherance thereof, the Board of Directors shall establish and disseminate reasonable conditions and procedures for the licensing and use of such Marks, demonstrably free of any unfair discrimination among the Members.

5.2 Challenges to Proposals for new Marks. Each Member agrees that unless it provides written Notice to the Board of Directors of that Member’s challenge to the proposed Mark prior to its adoption by the Board of Directors, then the Member and its Affiliates shall not bring a claim against the Corporation or any Member or their Affiliates for their use of such Marks.

5.5 Initial Corporate Name. In the event that the Corporation proposes to adopt an initial Corporation name or trademark based on such name for use with any of the Deliverables, the Corporation shall provide Notice to the Members at least fifteen (15) days in advance in writing of the proposal. Each Member agrees that unless it provides written Notice to the Board of Directors of that Member’s challenge to the proposed
initial Corporation name or trademark based on the such name prior to its adoption by the Board of Directors, then the Member and its Affiliates shall not bring a claim against the Corporation or any Member or their Affiliates for their use of such initial Corporation name or trademark based upon such name.

its Affiliates within Member’s or Affiliate’s organization. However, this Section 6.3 shall not be deemed to grant to any party a license under another party’s copyrights or patents.
